Sune Warhol?

Tonight I thought to that I would work on my Photoshop skills, so I loaded up a picture of my beautiful wife Brandy that I took just a few days ago. I removed the background and made it black and white, then I ran it through the Cutout filter and saved four copies. I took each copy and colored it with bright colors. So here is my venture into pop-art alá Andy Warhol:

Winter's Bite

So, I am turning into a photo-geek. I guess it's just another geek thing to add to my list. Well, my wife uses the pictures I take on her blog, but I thought I would show people some of my favorites. Saturday and yesterday I was out in search of winter pictures. It had just snowed and all the trees were full of ice, so I got a few interesting shots. I hope you like them:
